

ADR FRANKFURT

Diamond Resined Abrasive (ADR), destined to polish and gloss.

MATERIALS ▼

- ✓ MARBLE / MR
- ✓ TERRAZZO / TR
- ✓ GRANITE / GR
- ✓ CONCRETE / CON
- ✓ QUARTZ / QZ

MACHINES ▼

AVAILABLE OPTIONS: ▼

- GRITS ▶ 36-46-60-80-120-220-320-400-500-600-800-1000-1500-3000-6000-10000-Lux
- HARDNESS ▶ MR - TR - GR - CON - UNIVERSAL
- OPTIONS ▶ NORMAL **FORCE SYSTEM**
- UNITS ▶ 8 ref. 010201

TECNOLOGIES: ▼

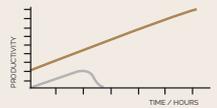

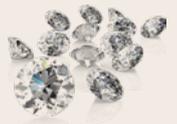

ADR®

_A controlled and homogeneous dispersion of the diamond, make this technology the perfect combination to achieve superior **Diamond Resin Abrasives**.

_ **Specific formulations** developed to optimize the polishing of different materials.

_ **Undefined storage keeping** stable without changing its properties over time.

_ **Increase in the productivity** with respect to the traditional abrasive, avoiding the continuous machine stops.

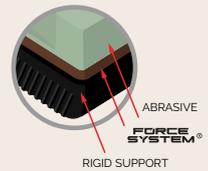

PERFORMANCE
 ■ ADR abrasive
 ■ Traditional abrasive

FORCE SYSTEM®

_The construction of the tool combining flexible with rigid parts guarantees a perfect coupling and a constant contact on surfaces, **avoiding marks and scratches on the polish**.

_We recommend applying **Force System technology on the finest grains** to achieve the highest polishing and shining quality.

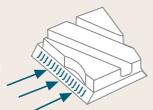

ROBOT® MULTI-PRESS

_Example of maximum industrial automation by means of a multi-press system executed by robotic arms. Hereby we ensure the **maximum precision in processes and products**, with **constant quality** that differentiates us.

SHARK FIT®

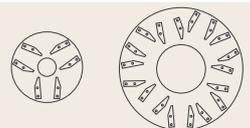

_A few small incisions in the supports, ensure a **perfect coupling** of the tool in its coupling.

_ **Individual identification** by marking with a numerical button, informing of the corresponding grain.

_ **Universal coupling** type Frankfurt, with **quick change**, adaptable to all the machines of the market.

_ **Ecological**. This product does not contain substances prohibited according to the regulation (CE) n°1907 / 2006
