

Lithofin TC Ever-Sheen

Description

A special product from the LITHOFIN-Range for Terracotta (TC). Lithofin TC Ever-Sheen is a solvent free protective care treatment based on water soluble natural waxes and polymers.

Properties

Lithofin TC Ever-Sheen forms a shiny protective film that enhances the appearance, slightly intensifies the colour and reinforces the effectiveness of the original protective treatment. Surfaces become more vibrant in colour. Polishing will further increase the lustre.

Technical Data

Density: approx. 1.0 g/cm³

pH-Value: approx. 9

Flash Point: n.a.

Appearance: milky

Odour: fresh

Solubility in Water: very good

Field of Use

For sealing and for occasional touching up of waxed terracotta, cotto, terres cuites, etc. Only suitable for indoor use.

Also suitable for pre-treated tiles.

Durability: depends on the level of wear to which the surface is subjected. Lithofin TC Ever-Sheen can be re-applied when the effectiveness begins to diminish.

Directions for Use

Only apply to dry surfaces. On newly installed surfaces apply two undiluted coats. For touching up, simply use Lithofin TC Ever-Sheen (approx. ¼ litre per 5 litres of water) instead of the regular cleaning agent.

On dull surfaces, apply undiluted using a sponge or a lambs wool applicator. After drying, polish either by hand or using a polishing machine if required. At least two coats are needed on untreated terracotta. Allow the product to dry for 30 to 60 minutes between applications.

Please Note: do not walk on surface until dry.

Drying Time: 30 to 40 minutes.

Coverage: approx. 200 m² per litre when used in cleaning water, approx. 20 m² if used undiluted.

Storage

Closed, cool and frost free. Shelf life of up to 3 years.

Advice

Terracotta should be cleaned regularly.

Lithofin EASY-CARE is highly suitable as an additive to the washing water.

Environmental Protection

Biologically degradable according to EU-regulations. Does not contain any phosphates.

Disposal: waste code according to EWC/AVV 07 01 99. Bottles/canisters are made of environmentally friendly polyethylene and can be recycled (see information on label).

Safety

UFI: KSC0-H0AG-500R-FNPC

No health concerns once dry. Keep out of the reach of children.

Ingredients: natural waxes, auxilliary agents.

Labelling according to EU-Directive 1272/2008(CLP):

--

ADR 2019: labelling for transport		
Unit	Label	Notes on freight papers
a) b)	--	none

Packaging

a) 1 litre bottle with child-proof cap (10 per box)

b) 5 litre canister (2 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated).
