

KGS Telum® Diamond Handpad

GRINDING / POLISHING

KGS Telum® Diamond Handpad

GOLD LINE - Wet / Dry use

UNIVERSAL WITH PERFECT FINISH

KGS Telum® Diamond Handpads are made of a colour coded foam body with a diamond-coated grinding and polishing surface and feature a unique KGS design. Grit range from coarse grinding to fine polishing. Suitable for hard-to-reach places, corners, edges, and for manual work, such as deburring, tool sharpening, and general defect removal. Wetting the grinding surface with a little bit of water improves the grinding process.

KEY BENEFITS

- KGS Telum® design for a perfect finish
- Fast and efficient stock removal rate
- Very long service life
- Consistent grinding performance
- Easy to use

WORKABLE MATERIALS

Natural stone, ceramic, engineered stone, concrete, composite, glass and many more.
